This letter comes with our sincere appreciation for the marvelous student assembly that came to us last week through your organization. Mr. Lou DelBianco's performance "Around the World", in storytelling and music, was just spectacular.

Teachers, parents and children were transfixed, so much so that children drew their own stories and wrote Mr. DelBianco letters up to a week later!

One of our kindergarten students wrote a letter to Mr. DelBianco and handed it to me this morning. She said, "Please give this to the man who sings the songs. I wrote it for him." There could be no greater validation of one's work than this kind of feedback!"

Please see that Mr. DelBianco receives this letter for his collection. Thank you again for the good work of Project Impact.

Sincerely,

Mrs. Kathryn Arabia  
Principal
