Dear "Abraham Lincoln"

Thank you so much for coming. I enjoyed the presentation. I learned a lot of new things today. I learned that Abe had a step mother and that he enjoyed reading very much so. Learning about so much about Abe today made me want to research him further. I never knew how interesting he was.

I now realize that someone like Abe, someone with a simple life and a kind heart can lead to a big difference.

Sincerely,  
Ainsley
